Thunderbird

The screenshot shows the Mozilla Thunderbird email client interface. The window title is "Inbox - Mozilla Thunderbird". The menu bar includes File, Edit, View, Go, Message, Tools, and Help. Below the menu bar are buttons for Get Mail, Write, Chat, Address Book, Tag, and a Quick Filter search box. The left sidebar shows the folder structure, including [Gmail], Drafts, Sent Mail, All Mail, Spam, Trash, Important, Starred, Personal, Receipts, Travel, Work, Local Folders, and Outbox. The main pane displays a list of emails with columns for Subject, From, and Date. Below the email list is a "Welcome to Thunderbird" banner with several promotional links and a "Need Support?" section.

Subject	From	Date

Add-on of the Week: Dropbox for FileLink

Add Dropbox support to Thunderbird's Filelink feature.

Thunderbird's Filelink feature makes it quick and easy to send large attachments by uploading those attachments to various storage services and then inserting a link to the file into the body of your email.

Calibre

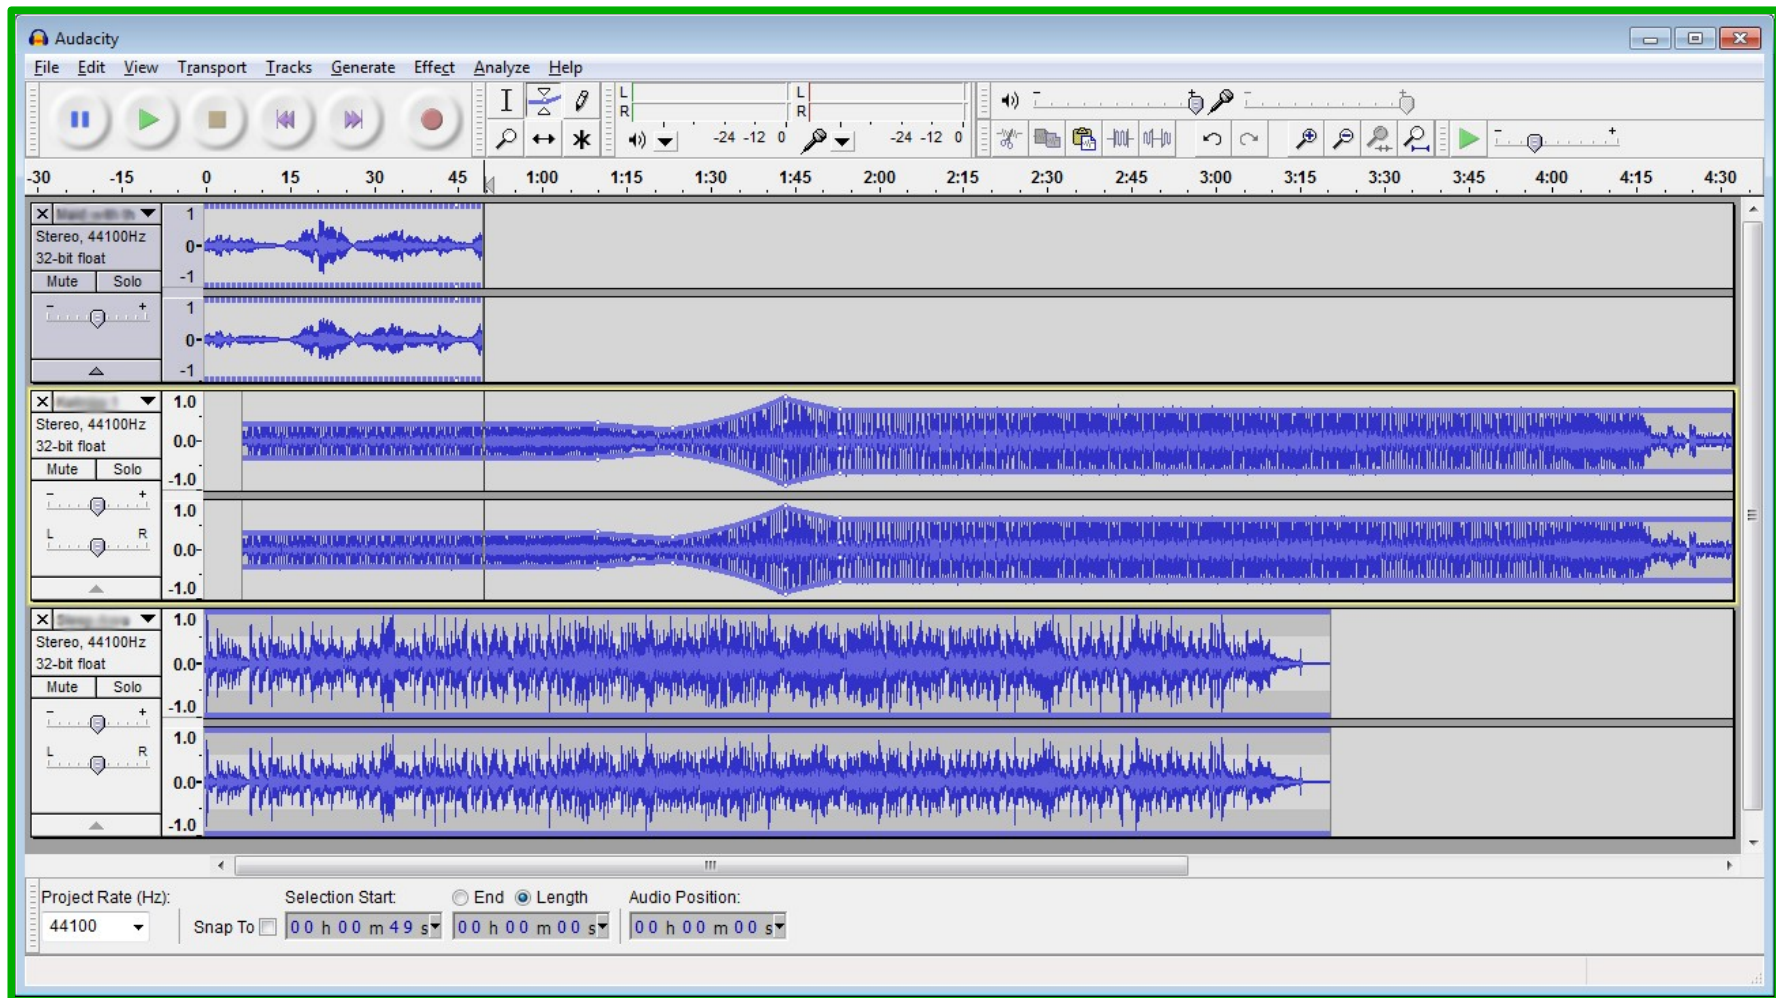

The screenshot shows the Calibre application window. The top toolbar contains icons for home, user profile, refresh, search, books, device, news, add, recycle, help, and settings. Below the toolbar is a search bar with the text "Search: Search (For Advanced Search click the button to the left)" and a "Saved Searches" dropdown. On the left is a sidebar with categories: Authors [19], Series [0], Formats [5], Publishers [10], Ratings [2], News [0], and Tags [93]. The main area displays a 3D perspective view of book covers, with "The Undercover Economist" by Tim Harford selected and highlighted. Below the book view is a table of books on the device:

On Device	Title	Author
3	The Undercover Economist	Tim Harford
4	Excel 2007 PivotTables recipes: a problem-solution approach	Debra Dalglish
5	Marketing without advertising	Michael Phillips & Salli Rask
6	Excel Gurus Gone Wild: Do the IMPOSSIBLE with Microsoft Excel	Bill Jelen
7	The Art of SEO	Eric Enge & Stephan Spence

At the bottom of the window, it says "calibre version 0.7.9 created by Kovid Goyal Connected iDevice". On the right side, there is a panel for "Formats: PDF" and "Tags: General, Macroeconomics, 1990, Finance, Business, 1990-, Economics (General), Economics, Economics - General, Consumer education, Consumer Guides, Economic history - 1990, Reference, Business & Economics".

Calc

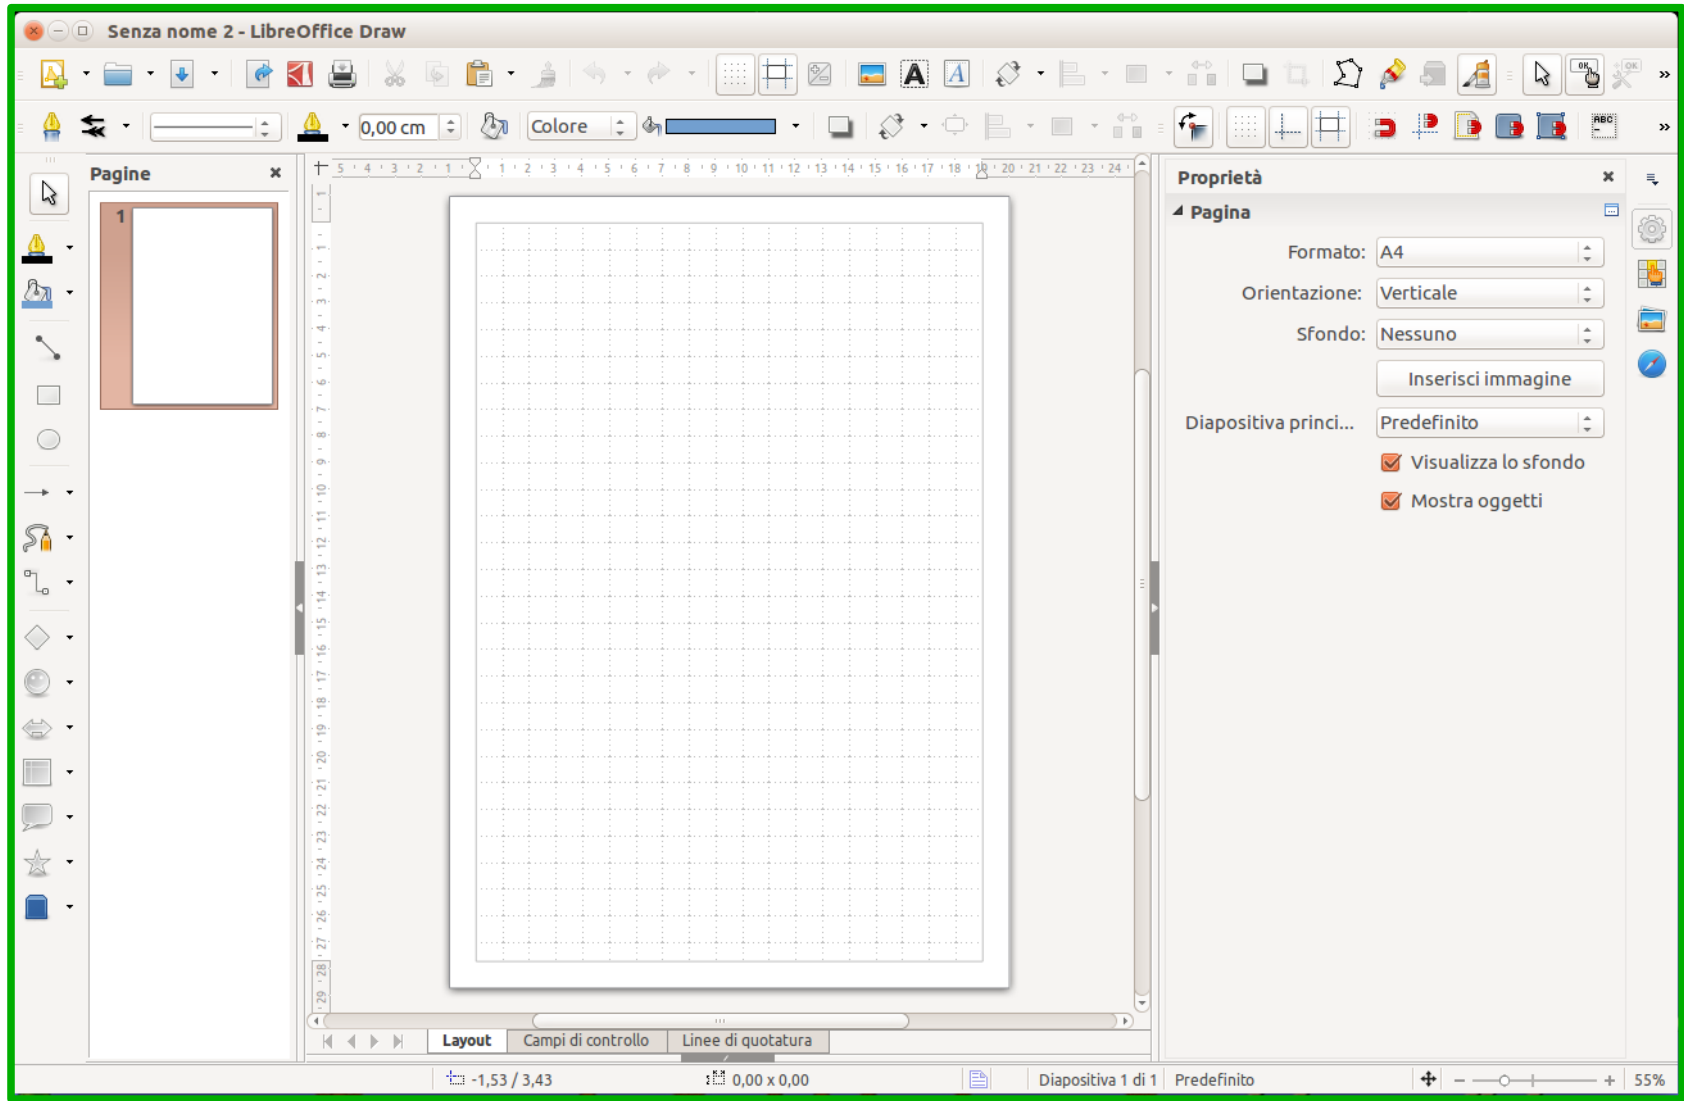

A screenshot of the LibreOffice Calc application window. The title bar reads "Senza nome 2 - LibreOffice Calc". The interface includes a top toolbar with various icons for file operations and editing. Below the toolbar is a menu bar with options like "Liberation Sans", "10", and "A A A". The main area is a spreadsheet grid with columns A through H and rows 1 through 32. Cell C9 is selected and highlighted in orange. On the right side, there is a "Proprietà" (Properties) sidebar with several sections: "Stili" (Styles) showing "Predefinito", "Carattere" (Character) showing "Liberation Sans" and "10", "Formato numero" (Number Format) showing "Generale", "Allineamento" (Alignment) with various options, and "Aspetto cella" (Cell Appearance) showing "Sfondo" (Background). At the bottom, there is a status bar with "Foglio1" and a search bar.

Impress

Draw

LibreOffice può

- Creare moduli PDF editabili
- Modificare PDF
- Creare forme in vettoriale con Draw
- Usare l'app Impress Remote per gestire le presentazioni (Android e iOS)
- Comprimere le presentazioni
- Salvare presentazioni, grafici e documenti in formato immagine

LibreOffice Extensions and Templates

LibreOffice offers a wide variety of features, and when you look for additional functionality, there may well be extensions and templates that add that! This site offers a wide range of extensions and templates to satisfy your needs. What's more, people, maybe you, can develop more extensions or templates and offer them for the collecting on this site.

Extensions

LibreOffice Extensions are tools that can be added or removed independently from your installation of the main program. Extensions may add new functionality to your copy of LibreOffice, or may make existing functionality easier to use.

Currently there are **301** LibreOffice extension project(s) with **674** release(s) available.
